

Promoting Quality Infrastructure Investment in Africa

Yuji SUDO

Assistant Vice-Minister, Minister's Secretariat
Ministry of Land, Infrastructure, Transport and Tourism (MLIT)

25 July, 2017

Tokyo, Japan

SDG Target 9.1:

Develop quality, reliable, sustainable and resilient infrastructure, including regional and trans-border infrastructure, to support economic development and human well-being, with a focus on affordable and equitable access for all.

SUSTAINABLE DEVELOPMENT GOALS

17 GOALS TO TRANSFORM OUR WORLD

Initiatives of Japanese Government

- ✓ In May 2016, Prime Minister Abe delivered an initiative titled “**Expanded Partnership for Quality Infrastructure**”.
- ✓ Japan increased supply of financial resources towards **Infrastructure projects across the world**.

“Partnership for Quality Infrastructure” (May, 2015)

- In order to meet the massive infrastructure demand in Asia, Japan, in collaboration with the strengthened Asian Development Bank (ADB), will provide **approximately USD 110 billion** for “**quality infrastructure investment**” in Asia over the next five years.

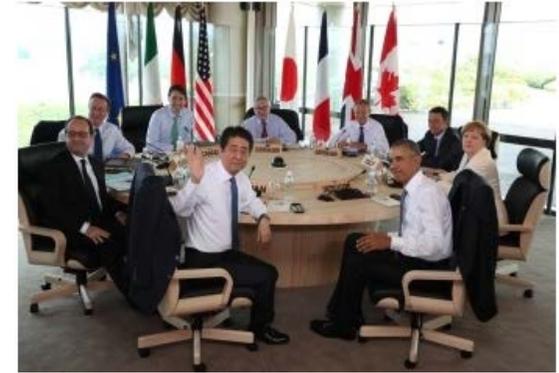

An initiative titled “Expanded Partnership for Quality Infrastructure” (May, 2016)

- Provision of financing **of approximately USD 200billion** as the target for the next five years to **infrastructure projects across the world**.
 - Expansion of the targeted area from Asia to the whole world(e.g. **Africa**, Russia)

Principle 1

Ensuring effective governance, reliable operation and economic efficiency in view of life-cycle cost as well as safety and resilience against natural disaster, terrorism and cyber-attack risks

Principle 2

Ensuring job creation, capacity building and transfer of expertise and know-how for local communities

Principle 3

Addressing social and environmental impacts

Principle 4

Ensuring alignment with economic and development strategies including aspect of climate change and environment at the national and regional levels

Principle 5

Enhancing effective resource mobilization including through PPP

TICAD VI (August 2016)

- Prime Minister Abe announced that Japan will invest **USD 30 billion** for future of Africa in 2016-2018, for projects such as high quality infrastructure.
- Prime Minister Abe announced “**Free and open India-Pacific strategy**”
- **Africa-Japan Conference for High Quality Infrastructure** (with participation of 76 companies and 12 African countries): Adopted **Leaders Declaration** confirming the promotion of quality infrastructure investment in African countries.
